

LYHL Baseball 2019 Spring Assessments

We are excited to announce that assessments will be done differently this year. We hope that the change will be more organized and efficient for players, coaches, and parents. Tryouts will be done individually instead of in groups. Players will need to show up in block arrivals. Coaches will be there the whole time, but players and parents are free to go as soon as soon as their individual tryouts are over.

The Process For ALL DIVISIONS ***(times and dates vary depending on age/division)***

Check-in: Players will check in at tables by concession stand and receive a number on their hand. Then form a line along the fence (not on field) by the Home dugout of their designated tryout field. It's very important to show up in block arrival time assigned so that the lines do not get too long.

Assessment: Estimated tryout time will be 2 to 3 minutes per player. One player at a time will enter the designated field and give the coaches their number.

The player will be required to:

- Field 3 ground balls at shortstop while throwing to 1st
- Catch 2 fly balls from shortstop while throwing to 1st
- Hit 4 pitches(thrown or off tee) and on the 4th pitch run the bases
- Next Player up, repeat

Scoring Cards: The players will be judged on 5 categories: Fielding, fly balls, throwing, hitting, and speed (see score card for scoring criteria).Coaches will total their score cards for each player with a potential of 21 points. This total score is to help assist the coaches during draft for all age divisions.

*****10U American National/American League*****

The score cards in this age division are what will be used to determine National and American League Players. All coaches and board members score cards will be averaged together to give each player a total score that will determine their placement in the league. IF A 10U PLAYER CAN NOT MAKE IT TO TRYOUTS THEY WILL AUTOMATICALLY BE PLACED IN AMERICAN LEAGUE.
